

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION OF KENTUCKY UTILITIES	)	
COMPANY FOR DEVIATION FROM	)	CASE NO. 10278
KRS 278.180	)	

O R D E R

On May 17, 1988, Kentucky Utilities Company ("KU") filed a tariff revision governing the supplying of electric facilities underground, whereby the developer would provide the ditching, backfilling, and conduit. The filing provides an alternative to underground installation rules, whereby the utility provides the ditching, backfilling, and conduit at set rates per footage. KU proposed to make this revision effective upon 30 days' notice to the Commission, with an effective date of June 16, 1988. However, KU has also requested a deviation for the 30-day notice requirement of KRS 278.180. Upon approval of the request, KU would refile the tariff revision and make it effective on June 6, 1988.

The Commission finds that the proposed tariff revision will be beneficial to the customers of the utility.

IT IS THEREFORE ORDERED that:

1. KU shall be granted a deviation from the 30-day notice requirement of KRS 278.180 and shall be allowed to place the provisions of the new tariff into effect on June 6, 1988.
2. KU shall refile tariff sheets reflecting the new effective date within 20 days from the date of this Order.

Done at Frankfort, Kentucky, this 6th day of June, 1988.
